

## Notification of INAB Scopes of Accreditation and End of Waste Regulations

Date of Notification: 10 June 2013

INAB would like to inform accredited certification bodies that in order to issue an INAB accredited certificate for end of waste regulations the certification body's scope of accreditation must include a reference to the relevant regulation e.g. IAF 24 Recycling, including certification of scrap metal recovery in accordance with European Regulation EU/333/2011

INAB.
