

On 27 July 2020, IAF Members approved a resolution on the transitional arrangement for ISO/IEC 27006:2015 AMD 1:2020. The resolution is as follows:

*Transitional Arrangement for ISO/IEC 27006:2015 AMD 1:2020 - The General Assembly, acting on the recommendation of the Technical Committee, resolved that the Transitional Arrangement associated with ISO/IEC 27006:2015 AMD 1:2020 - Information technology - Security techniques - Requirements for bodies providing audit and certification of information security management systems – Amendment 1, will be two years from the last day of the month of publication of the amended standard.*

The transition is not a routine transition from one version of a standard to another. The transition only relates to the specific changes detailed in Amendment 1:2020.

Certification bodies should review the changes and prepare a plan, which should include the following as a minimum:

- Analysis of changes
- Implementation
- Competence of certification body personnel
- Communication with clients

INAB will undertake assessment of certification bodies' transition to the new version at routine surveillance events and the plan above should be submitted with PS10 documentation. The deadline for transition is March 2022. All applications for accreditation for ISO/IEC 27001 will include ISO/IEC 27006:2015 AMD 1:2020 as an assessment document from the publication of this notice.
