

Transition Requirements for I.S EN 50131

NF47

Transition Requirements for I.S EN 50131-7:2010 and I.S EN 50131-1:2020

A summary of changes can be found within the mandatory document.

CABs that are active in this scheme should put in place a plan for transition from I.S EN 50131-7:2003 and I.S EN 50131-1:2006.

As part of the extension to scope, INAB will require the following to be submitted by the CAB:

- Gap analysis document demonstrating differences and providing an explanation between the withdrawn and updated version of the standard;
- Assignment of person to oversee updates, process and decision maker;
- Training schedule and / or auditor presentation to explain updates as issued to auditors together with evidence of when this took place and proof of attendance / sign off.
- Evidence of updates to references in documentation, forms and templates to include QMS manual and scheme criteria documents, as well as the document register etc;
- Sample audit reports) for clients transitioning from 2003 to 2010

Key Timescale

CAB to submit an extension to scope application by **March 31st 2025**

INAB to plan assessment by correspondence to assess documents submitted by CAB

Decision required by INAB manager on assessment by correspondence where updates to standards will be awarded/rejected
